

DLM

DOCK LEVELER MANUFACTURING

VALUE - ENGINEERED DOCK LEVELERS

DLM manufacturers a complete line of loading dock equipment including hydraulic, mechanical and air powered levelers, portable steel yard ramps, safety vehicle restraints, seals and shelters, and accessories. You can completely outfit your entire loading dock area with DLM's comprehensive line of loading dock equipment.

An Industry Leader

Since introducing the freight industry's first Edge-of-Dock leveler in 1962, DLM has continued to provide innovative ways to improve productivity and safety at the loading dock.

Commitment to Customers

DLM's goal is to provide customers with safe and efficient loading dock equipment. We are dedicated to developing the most innovative material handling solutions through research, engineering, manufacturing and marketing of the finest loading dock equipment available.

In conjunction with our parent company, Systems Incorporated, our nationwide network of distributors can satisfy all your loading dock needs.

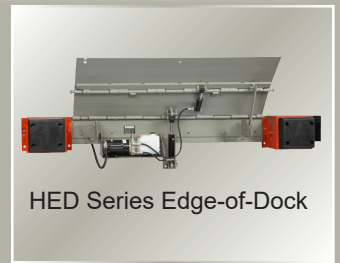

DLM offers you the convenience of one-source buying for...

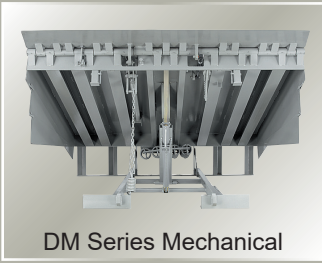

DH Series Hydraulic

Dock Levelers

- Hydraulic, mechanical and air powered pit-style levelers
- Hydraulic and mechanical edge-of-docks
- Barrier lip hydraulic levelers
- Custom designs

HED Series Edge-of-Dock

DM Series Mechanical

Vehicle Restraints

- TPR® automatic vehicle restraint
- TPR UniLock® automatic vehicle restraint
- PowerStop® automatic vehicle restraint
- PowerStop® manual vehicle restraint

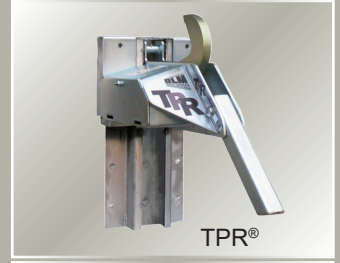

TPR UniLock®

Since the material handling chain begins and ends at your loading dock, efficient dock equipment is vital to the success and cost effectiveness of your business.

CA Series Air Powered

DLM offers a wide range of hydraulic, air powered, mechanical, vertical storing, edge-of-dock, specialty dock levelers and yard ramps. All DLM levelers are designed with a focus on structural integrity, reliability and safety. We can customize your loading dock to meet your specific requirements.

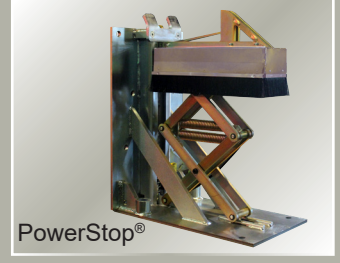

TPR®

Mechanical Edge-of-Docks

With a vehicle restraint you can dramatically limit "trailer creep" maintain leveler lip purchase on the truck and substantially reduce the possibility of "premature departure" and "landing gear collapse". Along with providing a safe environment for your dock personnel.

Shelter

Turn-key Solutions

Soft Sided Shelter

DLM offers you the convenience of one-source buying for...

Portable Ramps

- Yard Ramp

Fairborn Premium Seals and Shelters

- Fixed and adjustable head seals
- Fixed and flexible frame shelters
- Special seals for unique applications

Allied Solutions Aftermarket Products

- LED light upgrades
- Phoenix FLEX LED docklite®
- Dock Signs
- Track Guards
- Dock Bumpers
- Wheel Chocks
- And many more products

DLM's portable steel yard ramps allows traffic to move from dock level to the driveway or from the driveway into the back of a truck, making loading/unloading flow smoothly.

DLM offers a complete line of Fairborn Premium brand dock seals, shelters and rail car enclosures, including 1000 and 1400 series compression seals, 2000 series rigid style dock shelters, 2200 series soft sided shelters and 2500 series flexible shelters. These dock seals and shelters are custom designed to fit your building opening and the trucks you will be servicing.

Dock seals and shelters save energy dollars while providing bug and rodent protection at the loading dock area during material handling operations.

Products available through Allied Solutions can help you improve your loading dock's efficiency and productivity with its comprehensive line of aftermarket products. These products will protect your employees from dock-related accidents and enhance your loading dock communication and safety. Our products are designed to reduce damage and increase productivity at the loading dock.
